

Our Big Question for this term is:
"What Makes Our Environment Special?"

Arts Week took place across the school this week, bringing a real sense of energy and creativity to every classroom. The children fully embraced the opportunity to step away from their usual routines, immerse themselves in creative learning and discover more about cultures from around the world.

Using the theme "Around the World", each class was assigned a different country to explore. This provided a rich focus for the week, with pupils learning about artistic styles, music, dance, traditions and cultural heritage through a variety of hands-on activities. From creating artwork to taking part in workshops and tasting foods from different cultures, the week offered a wide range of memorable experiences.

As part of the programme, all classes enjoyed Chinese dance sessions at the start of the week, which were held in the school hall. On Thursday, we welcomed art leaders from St Mildred's School, who collaborated with our own Art Leaders on a joint project. The week ended on a high with our "Around the World Art Conga", where children had the chance to share and celebrate the work they had produced.

It has been a thoroughly enjoyable week, filled with creativity, enthusiasm and a real appreciation for the diversity of cultures around the world.

sports news from Bromstone Primary School

Our team took part in a rugby event and performed brilliantly, finishing 4th out of 20 teams, an outstanding achievement! The children took part in a range of squash activities, showing great enthusiasm, teamwork and a strong competitive spirit throughout the day.

A huge congratulations to our Year 1 and 2 team, who were crowned overall winners – what an incredible result!

Our Year 3 and 4 teams also did us proud, finishing 2nd and 4th, while our Year 5 and 6 teams achieved fantastic 2nd and 5th place finishes.

Well done to all the children involved.

Supporting Brothers & Sisters: Sibs

Charity: <https://www.sibs.org.uk/>

Sibs is the UK's only charity dedicated to supporting children, young people and adults who have a brother or sister with a disability, special educational need (SEND) or long-term health condition. Their aim is to help siblings feel understood, supported and confident — both at home and at school. What Sibs Offers:

- Information & advice for families about the challenges siblings might face and how to support them.
- An online service for young people (aged 7–17) with tips on managing feelings, finding support and understanding disability.
- Training and resources that help schools and staff support pupils who have a disabled sibling. This includes free activities and ideas (like Sibs Talk Lite) designed for primary schools to open up positive discussions and group work.
- Information and workshops for parents on how to listen, respond to feelings, and help siblings thrive.

www.worlddownsyndromeday.org

We have seen some brilliant odd socks in school today as we celebrate World Down Syndrome Day for tomorrow, 21st March.

FAMILY ACTIVITIES AT SANDWICH BAY BIRD OBSERVATORY THIS EASTER

Scan Me!

BRILLIANT BIRDS & BRICKS: OYSTERCATCHERS

Join us for an avian adventure! Explore the birds of the Bay on a guided nature walk to learn about their lives and how we can protect them. Then, get creative and build your very own LEGO® Oystercatcher to take home. It's a hoot for the whole family.

10am-1pm Tues 7th April & 1pm-4pm Tue 14th April £12 per child

EGG-CELLENT EXPLORERS: SEARCH, SOLVE & SHELL-EBRATE

This high-energy scavenger quest invites young naturalists to dive into the unique ecosystem of the Sandwich Bay Bird Observatory. Equipped with their explorer spirits, participants will solve nature-themed riddles along the trail and observe our vibrant wildlife, before crossing the finish line for a well-earned chocolatey "shell-ebration"

10am-1pm Wednesday 8th & 15th April £6 per child

WETLAND WILDLIFE DETECTIVES

Dive into a world of underwater wonder with our hands-on wetland safari! Our ponds are bursting with hidden life, from "scuba-diving" beetles to snorkelling insects and slime-eating snails. In this session, children become real wildlife detectives, using identification keys to uncover the secrets of our aquatic amigos and exploring the fascinating world of herpetology. With spring in full bloom, it's the perfect time to spot breeding amphibians and reptiles emerging from their winter slumber.

10am-1pm Thursday 16th April £6 per child
