

Our Big Question for this term is:
“What happens when there is conflict?”

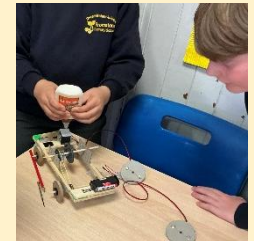

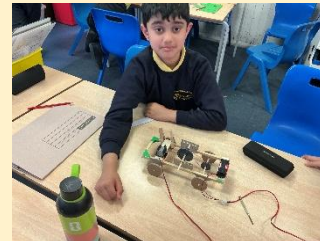

Last Friday Years 3, 4, 5 and 6 attended Kidenza concert at Granville theatre. Kidenza is a student friendly orchestra that aims to bring instrumental music to children and make classical music accessible. They do this by playing well known classical pieces, film themes and music from video games. The children really enjoyed this experience and had lots of questions about the orchestra and music they played afterwards.

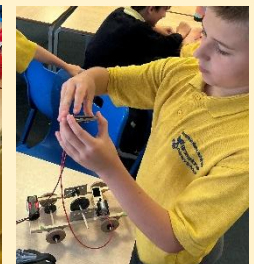

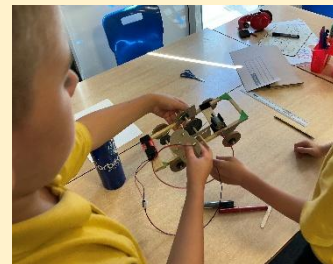

sports news

Years 5 and 6 took part in a rugby festival where children represented countries from around the world. Our team proudly represented New Zealand.

In partnership with the Primary Engineer Programme, Year 5 were invited to build, from scratch, their own remote-controlled vehicle! Pupils were able to apply their knowledge of electrical circuits and even turned their hand to woodwork to build the frames and axels for their car. We think you'll agree that there are some budding engineers in Bodiam and Hastings class!

UPCOMING
