

Handwriting

This is an example of Bromstone's handwriting style. We have loops on the descenders of some letters. Our *v*, *w* and *x* have straight lines.

abcdefghijklmnopqrstuvwxyz

jazzy
buffet
wigwam
kipper

A B C D E F G H I J K L M N O P Q R S
T U V W X Y Z

In order to create a piece of text with the correct joins, type or paste it in to the Handwriting for Windows program; this will convert it.

Just typing in Hfw font will not provide you with the correct joins.
