

Science Week 2023

Children, you are invited to make your own Science Poster to celebrate Science Week.

It can be as big, bold and beautiful as you like.

Posters can be a Theme you have learnt at School, a famous Scientist of your choice, what you love most about Science or the British Science Week theme of Connection.

Some themes might include; *

Plants, Animals, Life Cycles, Space, Water cycle, Digestive System and many, many more.

Posters can be either A4 or A3 size. It can be done by hand or computer. It's completely your choice,

All entries need to be sent in to School by Wednesday 22nd March and needs to include your

- ♦ Full Name
- ♦ Year group
- ♦ Class name

There will be a certificate and treat for all entrants and Prizes for the Winners.

Any questions you can speak to Mrs MacFarlan or Miss McNulty
